Re:

Representation of the Government of Haiti, Including the Central Bank of Haiti

Dear Gouverneur Jean:

Pursuant to my agreement with the Central Bank and Teleco concerning my firm's representation of the Government of Haiti, I write to kindly request that the Government provide the fourth of four quarterly payments that is due our firm for this year. As you know, our agreement calls for the payment of \$243,750 for the fourth quarter for the period October 1, 2000 through December 31, 2000. The payment of this retainer, although received by our firm, represents payment to other firms and entities that represent the Government's interests. As the dispersing agent for the Government, we are put in a somewhat difficult position because the persons we pay require us to make those payments promptly.

Over the past two years we have been working on bringing to trial persons involved in human rights abuses in Raboteau. As you know, the trial finally began this past week. Our expectation is that the trial will last approximately six weeks. At the same time our office has been working on attempting to resolve the problems regarding the banking sector. We have contacted the Arthur Anderson consulting firm and we believe that they would add an important component to the steps the Bank is taking to insulate itself from any issues concerning money laundering.

During this month we have also worked with members of the Administration and the Congress to ensure that Haiti was not excluded from the benefits of the recent legislation affecting Africa and the Caribbean. I am happy to report that we were successful in that effort and that Haiti was listed just yesterday as one of the countries covered by the duty free quota system.

Finally we have been working with members of the U.S. Congress and the White House on

issues concerning police training, administration of justice, and elections in Haiti. At the hearing before Congress this past week we provided members with information regarding the progress that Haiti has made in fighting the drug problem, in training police and in administering the justice system. We have also worked on the issue concerning the CEP and the Presidential election in Haiti. We have drafted letters of explanation, met with members of the media, and discussed the CEP's and the government's position with members of Congress and the White House, members of CARICOM, and members of the international community.

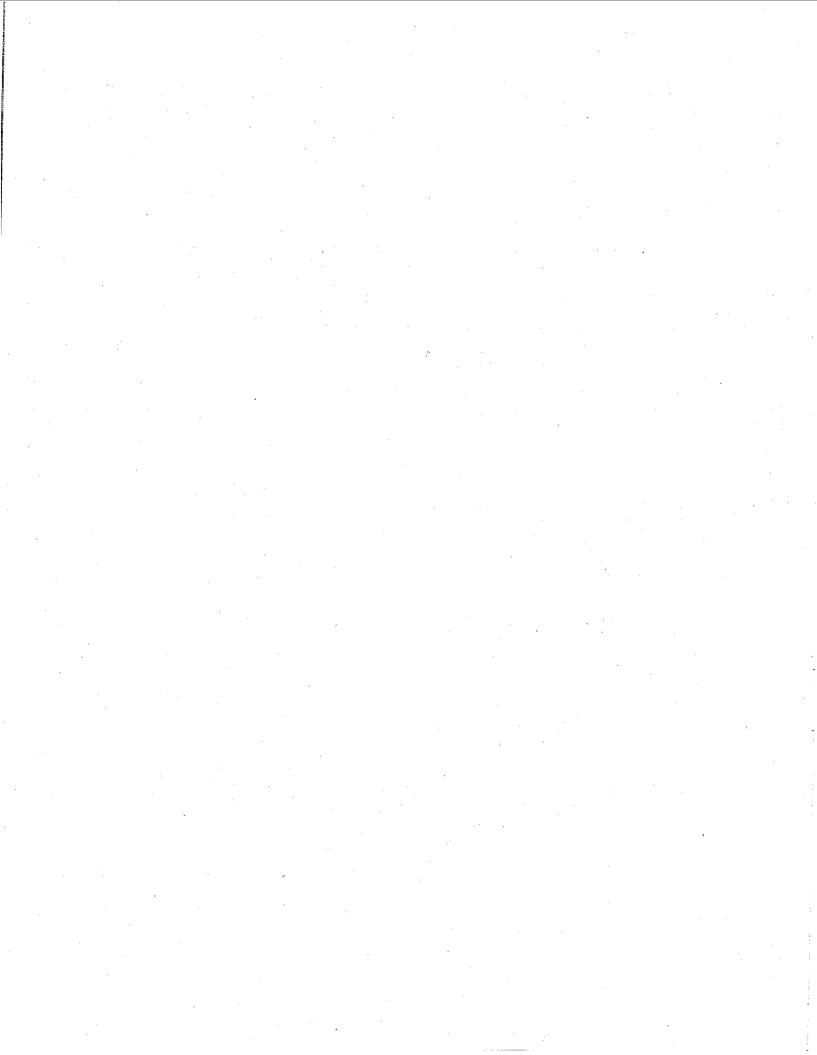

I will be happy to answer any questions that you may have.

Your prompt attention to this matter would be sincerely appreciated.

incerely,

Re:

Dear Gouverneur Jean:

Pursuant to my agreement with the Central Bank and Teleco concerning my firm's representation of the Government of Haiti, I write to kindly request that the Government provide the third of four quarterly payments that is due our firm for this year. As you know, our agreement calls for the payment of \$243,750 for the third quarter for the period July 1, 2000 through Sept. 30, 2000. The payment of this retainer, although received by our firm, represents payment to other firms and entities that represent the Government's interests. As the dispersing agent for the Government, we are put in a somewhat difficult position because the persons we pay require us to make those payments promptly.

Over the past several months we have been working very diligently on several projects for the Government. Our major work over the past two months has been to defend the CEP's and the Government's position in regard to Parliamentary elections. We have drafted letters of explanation, met with members of the media, and discussed the CEP's and government's position with members of Congress and the White House, members of CARICOM, and members of the international community.

Further, we have good news regarding the Raboteau trial which is proceeding to the final stages before the trial actually begins. The defendants were unsuccessful in their appeal to the Supreme Court of Haiti and we are now moving into the final stages of the trial in that case.

Over the last month we have finally made progress regarding the controversy surrounding the Rice Corporation of Haiti. This past week Senator Helms agreed to lift his personal hold over funds for Haiti. This should mean an additional \$28 million dollars in revenue for projects in Haiti during this fiscal year. We may still face additional obstacles in regard to the elections, but

we believe that U.S. funds will not remain frozen.

Finally, we have begun working on other cases involving human rights abuses.

I will be happy to answer any questions that you may have.

Your prompt attention to this matter would be sincerely appreciated.

Dear Gouverneur Jean:

Pursuant to my agreement with the Central Bank and Teleco concerning my firm's representation of the Government of Haiti, I write to kindly request that the Government provide the second of four quarterly payments that is due our firm for this year. As you know, our agreement calls for the payment of \$243,750 for the second quarter for the period April 1, 2000 through June 30, 2000. The payment of this retainer, although received by our firm, represents payment to other firms and entities that represent the Government's interests. As the dispersing agent for the Government, we are put in a somewhat difficult position because the persons we pay require us to make those payments promptly.

Over the past several months we have been working very diligently on several projects for the government. First, we have successfully concluded the removal of the ash from Gonaives. After intense negotiations for more than a year, we are happy to inform the government that the ash that has been in Goaives for more than 15 years is finally out of the country. This is a major victory for the environment and for those who have fought so long to see that the ash be returned to the U.S.

We also have good news regarding the Raboteau trial which is proceeding to the final stages before the trial actually begins. The defendants were unsuccessful in their appeal and the Supreme Court of Haiti is now considering the final appeal.

Over the last month we have been struggling in Congress over the controversy surrounding the Rice Corporation of Haiti. Although Senator Helms has put a hold on all aid to Haiti, we are working with various organizations and friends of the Senator to try and get the hold removed. We have vigorously challenged the claim that Haiti has engaged in any illegal or inappropriate activity in seizing the rice that was smuggled into Haiti by Rice Corporation of Haiti.

Finally, we are working around the clock on the Haitian election issue which is of great concern to the Clinton Administration. We have sought to educate the administration as well as

our friends on the Hill that the President intends to move swiftly toward elections as soon as the registration and electoral structure is in place.

I will be happy to answer any questions that you may have.

Your prompt attention in this matter would be sincerely appreciated.

Dear Mr. Jean:

We are very pleased that the Government of Haiti, the Bank of the Republic of Haiti (BRH) and Compagnie Télécommunications d'Haiti S.A.M. (TÉLÉCO) have decided to retain the law firm of KURZBAN, KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. as legal counsel. This letter confirms our agreement concerning the retention of our Firm by the Government of Haiti, BRH and Téléco, as well as the terms under which we are to supply professional services. We are pleased that the Government of Haiti, BRH and Téléco have retained this Firm to protect their interests, and we expect to continue having a good relationship with them.

The Firm agrees to provide legal advice and to represent the Government of Haiti, BRH and Téléco as regards their business affairs, and to provide other legal services from time to time upon request. Our work will include, but not be limited to, legal representation, litigation, legal advice, preparation of reports and execution of special projects, as requested of us by the Government of Haiti, BRH and/or Téléco.

I will assume the principal responsibility, but I am sure that if I require any assistance, I will receive the same from this Firm. To facilitate our work with the Government of Haiti, BRH and Télécom we will maintain an office in Haiti employing other attorneys to represent the various bodies comprising the Government of Haiti.

In consideration of our representation of the Government of Haiti, BRH and Téléco, the Law Firm of KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. shall receive fees of US \$81,250 per month beginning January 1, 2000 to pay for the legal representation provided and

reimbursement for expenses incurred on behalf of the Government of Haiti, BRH and Téléco. Payment of these fees is to be made on or before the tenth of each month by bank transfer to the account of KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. with Eagle National Bank, located at 1550 Biscayne Boulevard, Miami, Florida 33132, Account Number 0103138481-06, ABA Routing No. 066006349; or by letter of credit opened with Eagle National Bank against which the funds may be drawn no later than the tenth of each month. Whenever I deem it necessary, a portion of these fees shall be shared with other counsel who assist us and give us legal advice.

We understand that at the discretion of the Government of Haiti, BRH and Téléco, the present agreement may be rescinded at any time, without need for any advance notice; provided, however, that the Firm shall be paid on a pro rata basis for all days of the month concerned during which services were being rendered.

If this letter accurately reflects our understanding, please sing and date on original and return it to us.

Again, we feel greatly honored that you have requested our services. We hope that our association will be productive.

Please accept our most cordial regards.

We are currently working on maintaining appropriations for the government which are currently moving forward without restrictions for the first time.

Re: Representation of the Government of Haiti,

Dear Gouverneur Jean:

Pursuant to my agreement with the Central Bank and Teleco concerning my firm's representation of the Government of Haiti, I write to kindly request that the Government provide the third payment that is due our firm for this year. As you know, our agreement calls for the payment of \$223,740 for the third quarter for the period July 1, 1999 through Sept. 30, 1999. The payment of this retainer, although received by our firm, represents payment to other firms and entities that represent the Government's interests. As the dispersing agent for the Government, we are put in a somewhat difficult position because the persons we pay require us to make those payments promptly.

Over the past several months we have been working very diligently on several projects for the government including the completion of the sale of the Duvalier property in New York City which we expect to complete within the week; pursuit of Duvalier funds in Europe, the removal of ash from Gonaives, the trial in Raboteau, and responding to the increased pressure from the United States in regard to the electoral process. We are currently working on maintaining appropriations for the government which are currently in jeopardy due to increased pressure from Republicans on Capitol Hill. As we discussed, please also deduct from the funds you are sending me the moneys paid to Arendt Fox that were related to matters covered by our retainer.

Your prompt attention in this matter would be sincerely appreciated.

Dear Mr. Jean:

Pursuant to my agreement with the Central Bank and Teleco concerning my firm's representation of the Government of Haiti, I write to kindly request that the Government provide the second payment that is due our firm for this year. As you know, our agreement calls for the payment of \$223,740 for the second quarter for the period April 1, 1999 through June 30, 1999. We have also worked successfully to ensure that Haiti receives approximately \$14,000,000 in hurricane relief aid that the Clinton Administration is promising to Central American and Caribbean governments. At the same time we are trying to fight a comparable cut in aid to Haiti in AID's budget. I will be in Port-au-Prince during the week of April 5, 1999 and I will be happy to discuss these and any other matters you think appropriate. Please also provide me the bills that we discussed regarding Arendt Fox so that I may repay the government.

Representation Agreement between the Government of Haiti, including The Central Bank of Haiti, Téléco and the Law Firm of KURZBAN, KURZBAN, WEINGER & TETZELI, P.A.

Dear Mr. Governor:

We are very pleased that the Government of Haiti, the Bank of the Republic of Haiti (BRH) and Compagnie Télécommunications d'Haïti S.A.M. (TÉLÉCO) have decided to retain the law firm of KURZBAN, KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. as legal counsel. This letter confirms the condition of our agreement including the terms under which we are to supply these professional services. We are pleased that the Government of Haiti, BRH and Téléco have retained this Firm to protect their interests, and we expect to continue having a good relationship with them.

The Firm agrees to provide legal advice and to represent the Government of Haiti, BRH and Téléco as regards their business affairs, and to provide other legal services from time to time upon request. Our work will include, but not be limited to, legal representation, litigation, legal advice, preparation of reports and execution of special projects, as requested of us by the Government of Haiti, BRH and/or Téléco.

I will assume the principal responsibility for this representation, but I am sure that if I require any assistance, I will receive the same from this Firm. To facilitate our work with the Government of Haiti, BRH and Téléco, we will maintain an office in Haiti employing other attorneys to represent the various bodies comprising the Government of Haiti.

In consideration of our representation of the Government of Haiti, BRH and Téléco, the Law Firm of KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. shall receive fees of US\$74,580.00 per month beginning January 1, 1999, to pay for the legal representation provided and reimbursement for expenses incurred on behalf of the Government of Haiti, BRH and Téléco. Payment of these fees is to be made on or before the tenth of each month by bank transfer to the account of KURZBAN, KURZBAN, WEINGER & TETZELI, P.A. with Eagle National Bank, located at 1550 Biscayne Boulevard, Miami, Florida 33132, Account Number

0103138481-06, ABA Routing No. 066006349; or by letter of credit opened with Eagle National Bank against which the funds may be drawn no later than the tenth of each month. Whenever I deem it necessary, a portion of these fees shall be shared with other counsel who assist us and give us legal advice.

We understand that at the discretion of the Government of Haiti, BRH and Téléco, the present agreement may be rescinded at any time, without need for any advance notice; provided, however, that the Firm shall be paid on a pro rata basis for all days of the month concerned during which services were being rendered.

If this letter accurately reflects our understanding, please sign and date the original and return it to us.

Again, we feel greatly honored that you have requested our services. We hope that our association will be productive.

Please accept our most cordial regards.
