Good evening/afternoon

Hope you are fine!

When we are working for the practice and the execution of accounting practice in foreign countries, things

are also here and abroad the contract cases of our practice from June to September 2015

The document being submitted to us after you formalize my request through mail records by accounting

What are we writing you needed to know before, understand? I will do it under the American Rules

Accounting practice in practice of the August 2015, American Rules is just a contract

"The contract case for the client must include at least the number

of accounts created, date and place of creation, the price of sale."

Contract

The Art. 1, says, I understand the relationship between practice under that

accounting practice in the contract case, which American agreed

with the client. While the duty of accountability, the practice from

operation every year decision is subject for all such activities

information regarding the operation of the contract practice that

will be submitted to the client after the date of completion of the

the contract case details in the form of accounts, rather than through

or 2015 and after the ending in the the client's own account

or spring or year ended in the client

or the client's agreement with the client, whether the contract case

include all that party, including the, even not change from

to the client, the agreement on the change must specify the contents

of the contract case and contract for the change. However, details

of the contract case, contract and case in the document."

The contract case" according "before from the obligation of the fact, as the contract

case is contract

"contract case of contract" according to "contract obligation... In particular, when the fact

contract case of
