Question: You as the Defendant clarified in your evidences as of August 20, 2008, regarding criminal case No 242792 that you met Gasanov two or three times in the Krasnoproletarskaya street, as it was needed to sign (?) a lot of documents. A man went out of the building, whom Gasanov called Sergei Leonidovich. The latter carried documents, gave them to Gasanov (?), got into your car, where you signed these documents. Then Gasanov [gave] the documents to Sergei Leonidovich. You were not acquainted with him as you stayed in the car all this time, and cannot recognize him

(??) Can you identify him?

Answer: I reallyto Gasanov O.G. When we meet, I can identify Sergei Leonidovich based on those characteristics, which I named earlier during the interrogation. The documents, which I signed in the car, were handed over by Gasanov O.G. to Sergei Leonidovich. Sergei Leonidovich put the documents, which I signed, in the brief bag and went away towards Building 30 in the Krasnoproletarskaya street. Whether he entered the building or not, I didn't see, as I was leaving. Gasanov O.G drove separately in his car. As far as I understood, Sergei Leonidovich was higher in rank than Gasanov O.G., he looked like as his director. I made such conclusion proceeding from the fact that Gasanov O.G. showed respect for Sergei Leonidovich. Besides, the documents, which I signed, had been already sealed, and these documents were collected by Sergei Leonidovich rather than Gasanov O.G.

Question: What documents, documents of which companies did you sign among the documents, which Sergei Leonidovich brought and Gasanov gave you for signing? What did Gasanov O.G. explain regarding the documents to be signed by you?

Answer: Gasanov O.G. delivered me from Sergei Leonidovich various documents of LLC Parfenion, LLC Machaon, and LLC Riland; the respectful seals of the Companies were put on these documents. There were financial statements, cover letters (I don't remember where, whom, or their contents), various commercial contracts. I don't remember, with which organizations these contracts were concluded, as I didn't scrutinize the matter of the documents, which Gasanov gave me for signing. I didn't ask Gasanov, what for the documents were, which I had to sign as the General Director of LLC Parfenion. He told me that there was nothing criminal for my part therein. I had to sign the financial documents so

that no claims could be made against me by tax authorities. Gasanov handed over the signed documents to Sergei Leonidovich, who took them away somewhere. I don't know and I didn't ask, what with these documents happened later. The documents of LLC Machaon were signed by Khlebnikov V.G. who was the General Director of the Company. The documents of LLC Riland were signed by Kurochkin V.N. Once I have brought the documents to the Building in the Krasno proletarskaya street, as Gasanov had given me a notice of the necessity to sign a lot of documents of LLC Machaon and LLC Riland. I didn't see, what documents Kurochkin and Khlebnikov signed. I think they were like the documents that I signed. All these documents Gasanov O.G. handed over to Sergei Leonidovich. I didn't really introduce Kurochkin to Khlebnikov, as I testified earlier on February 17, 2009 during the additional interrogation. I brought them together only to sign the documents. I didn't introduce them to Gasanov O.G. either. But Kurochkin was someway acquainted with Gasanov O.G., whereof Kurochkin himself told me later, but I was not informed of the details of such acquaintance. Possibly they participated together in military operations in Afghanistan or Abkhazia.

Question: Did you open any accounts with banks for commercial companies? If yes, when, at whose request, with what banks and for what companies exactly? From whom did you receive the documents required therefor?

Answer: I opened a settlement account in the Russian rubles for LLC Parfenion with the Bank KB INTERKOMMERTS, which is situated on the side opposite to the Kievsky railway station. I gave already the evidence on this matter during the additional interrogation of February 17, 2008. I opened the account on the instruction of Gasanov O.G. Gasanov didn't tell me, why I had to open the account for LLC Parfenion particularly with this bank, and I didn't ask him about it. I opened the account in autumn, 2007. I don't remember the exact date now. The documents required for opening the account for LLC Parfenion with KB INTERCOMMERTS I received from Gasanov O.G. told me what to do and where to go. I don't remember now, what exactly documents I received from Gasanov. I don't remember which employees of the Bank I spoke to regarding opening the account for LLC Parfenion. They were both women and men, but I don't remember their names. I received at the Bank a form of the signature card as the General Director and LLC Parfenion. Gasanov O.G. told me

and a notary. To my mind, it was needed to witness specimen signatures on the card. Gasanov gave me the seal of LLC Parfenion only for a period, when I was at the notary's office. Gasanov waited for me outdoors near the notary's office. took the seal of LLC Parfenion from me. I don't remember. The notary's office was situated somewhere near the Belorussky railway station. I don't remember the exact address. I didn't open any other accounts with any other banks for any other companies.

Question: What do you know about ZAO Logos Plus, LLC Instar and LLC Grand-Aktiv? Did you bear any relations to the foundation and management of these companies?

Answer: As I have already testified during the previous additional interrogations, ZAO Logos Plus was at the request of Gasanov O.G. through my intermediary and through the intermediary of the counsel A.A.Pavlov Saint-Petersburg. This company was acquired the passport data of whom (to my mind I got from Gasanov O.G. for ZAO Logos Plus I don't remember. I know nothing about LLC Instar and LLC Grand-Aktiv, these names mean nothing to me. I bear no relations to the foundation and management of LLC Instar and LLC Grand-Aktiv.

Question: What financial and economic relationships were between LLC Parfenion, LLC Machaon, LLC Riland and ZAO Logos Plus, LLC Instar and LLC Grand-Aktiv? Had you ever had to sign any economic agreements between the listed Companies? Were you involved in the performance of these contracts?

Answer: I don't know whether there were any financial and economic relationships between LLC Parfenion, LLC Machaon, LLC Riland and ZAO Logos Plus, LLC Instar and LLC Grand-Aktiv, or not. I as the General Director of LLC Parfenion signed a great number of contracts, which Gasanov gave me for signing. I didn't examine into details, that's why I cannot answer, with what companies I made contracts on behalf of LLC Parfenion. I was only listed in the documents as the General Director of this company, but in fact I wasn't at all. I had no seal of LLC Parfenion, so I had no actual possibility to do any financial and economic

activities. I didn't possess any documents of LLC Parfenion either. All the documents and seal were in the possession of Gasanov O.G. Besides, a part of the accounting documents and contracts which I signed, were taken away by Sergei Leonidovich, whereof I had given the evidence before. I didn't bear any relations to the performance of the signed contracts due to the reasons stated above.

Question: What tax authorities (Federal Tax Service Inspectorates of Russia for the Moscow city) did you have to visit, when, with what purpose and on whose initiative? What documents and documents of which companies did you submit to the Tax Service Inspectorate? Whom of the employees of the Tax Service Inspectorate did you contact to, what questions did you discuss with them?

Answer: I had to go to Federal Tax Service Inspectorates (IFTS) of Russia for the Moscow City, Nos. 46, 28 or 26, and possibly 25, upon the request of Gasanov. I brought some documents to IFTS No. 46 as concerned the re-registration of LLC Parfenion; these documents I received from Gasanov O.G. There were possibly some other documents of some other companies; I don't remember exactly now. I submitted the tax reporting documents on LLC Parfenion to IFTS No. 28; these documents I received also from Gasanov O.G. Sometimes Khlebnikov and Kurochkin went to tax offices with me, sometimes they went individually to other tax offices. Assistants of Gasanov, particularly Alexander and Kozlov, went with us, thereabout I told before during the previous interrogations. They only explained, where to we had to submit the documents. I don't remember nobody of the IFTS employees, where to I had to go. I didn't make acquaintance of them and I didn't discuss any questions with anybody.

connection, whom and on behalf of which companies were these statements of claims filed for arbitration?

Answer: Round August – September 2008, more exactly in 2007, I got to know from Gasanov O.G. that claims were made by some companies against LLC Parfenion, LLC Machaon and LLC Riland for the arbitration court of Saint-Petersburg and the Leningrad Region. Gasanov called these companies, but I don't remember them now. Gasanov didn't explain me the ground of such claims. Gasanov told me that as far as I was the General Director of LLC Parfenion and the owner of LLC Pluton, the new player of LLC Machaon and LLC Riland, I had to find a counsel, who would be engaged in the arisen claims in the arbitration hearings in Saint-Petersburg. I remembered the counsel A.A.Pavlov , and asked him to take part in the arbitration proceedings in Saint-Petersburg. A.A.Pavlov asked me documentary evidences of the fact that LLC Pluton, LLC Parfenion, LLC Machaon and LLC Riland were actually owned by me and my I transferred some documents received from Gasanov to A.A.Pavlov A.A.Pavlov took my words for the fact that Kurochkin and acquaintances. I signed them without reading and handed over them to the counsel A.A.Pavlov for the arbitration proceedings in Saint-Petersburg. I didn't ask of these proceedings.
